- Use Windows scheduling tools to automate the import/export.

Create a Basic Task

Name: Hardcat Asset Export

Trigger: Daily, At 6:00 PM every day

Action: Start a program: c:\hardodbc\current\hc32.exe

Open the Properties dialog for this task when I click Finish

When you click Finish, the new task will be created and added to your Windows schedule.

- “Consume” (use) the data in a third-party system.
- Alternatively, send third-party system data to Hardcat.
